

TEJAS MORE

PROJECT COORDINATOR | AI-ASSISTED OPERATIONS & PROJECT MANAGEMENT

Pune / Mumbai, India | tejas2more@email.com | +91 98765 43210

PROFESSIONAL SUMMARY

High-performing Operations & Project Coordination professional with 2+ years managing day-to-day operational workflows, cross-functional project execution, and system bottleneck resolution. Proven record applying generative AI tools (ChatGPT, Claude, Gemini), prompt engineering, and CLI-based automation to eliminate repetitive tasks and build standardized operating procedures (SOPs). Strong in stakeholder coordination, KPI tracking, risk and compliance monitoring, and data-driven decision support — positioned for Project Manager / Project Coordinator roles requiring both technical fluency and delivery discipline.

CORE TECHNICAL SKILLS

- **AI & Automation:** ChatGPT, Claude, Gemini, Prompt Engineering, AI Agents, CLI-Based Automation Workflows, Operational Task Automation, n8n
- **Project Management:** Project Planning & Execution, Risk & Issue Management, Resource Planning & Allocation, Change Management
- **Systems & Tools:** ERP Systems, Issue Tracking & Support Ticketing, Google Workspace, Microsoft Office (Excel, Word, PowerPoint)
- **Project Management Tools:** Microsoft Project, Jira,
- **Productivity & Analytics:** Microsoft Excel (Advanced), Microsoft PowerPoint, Power BI
- **Data & Reporting:** Operational Data Analysis, Trial Balance & Closing Account Reconciliation, KPI Dashboards & Reporting
- **Process & Documentation:** SOP & Documentation Creation, Process Optimization, Workflow Automation, Bottleneck Identification

PROJECT MANAGEMENT SKILL SET

- **Delivery & Planning:** Task and timeline tracking, milestone monitoring, process optimization, workflow redesign
- **Stakeholder Management:** Cross-departmental coordination, stakeholder communication, executive reporting
- **Risk & Compliance:** Risk and compliance tracking, change management, SOP governance
- **Performance Monitoring:** KPI monitoring, bottleneck identification, data-driven decision support

PROFESSIONAL EXPERIENCE

Enfuse Solutions — Mumbai, India

Associate Project Coordinator | Sept 2025 – July 2026

Operations Associate | Mar 2024 – Sept 2025

- Supervised and coordinated daily activities of cross-functional teams to achieve operational targets.
- Streamlined day-to-day operational workflows by authoring AI-assisted SOPs and deploying prompt engineering and CLI tools to automate routine data handling, reporting, and daily tracking tasks.
- Monitored core operational KPIs, identified system bugs and workflow delays, and collaborated with cross-functional teams to resolve operational bottlenecks rapidly.
- Executed in-depth analysis of operational data — including complex trial balance and closing account reconciliations — delivering actionable insights to support leadership decision-making.
- Coordinated daily operations and communications across departments, managing task execution across team members to maintain high operational accuracy and efficiency.
- Coordinated and delivered end-to-end ERP system training and SOPs for primary stakeholders, ensuring seamless digital adoption.
- Guided and supported team members by resolving operational issues and providing process-related assistance.
- Routinely tested and integrated emerging LLM tools (ChatGPT, Claude, Gemini) and CLI scripts into daily operational workflows, reducing manual task processing time by up to 30%.
- Managed day-to-day communication with clients, ensuring timely resolution of operational issues and service requests.
- Built and maintained strong client relationships by providing professional support and regular project updates.
- Maintained team attendance, work schedules, and performance records while ensuring compliance with company policies.

EDUCATION

- **Master of Computer Applications (MCA)** — Specialization in Artificial Intelligence & Machine Learning, 2025
- **Bachelor of Computer Applications (BCA)** — Shivaji University
